

Jouzourouna - Retour à nos Racines

Barbar Abou Jawde, Centre Feghali, Beirut, Lebanon

Dear Friends,

Jouzourouna is a humanitarian organization with a social purpose of helping the needy without discrimination between religious, political or geographical affiliation.

Our goals are:

- Provide financial and moral aid to poor and disadvantaged families;
- Contribute to paying school and university tuition to underprivileged students;
- Urge young people in distant and isolated areas to continue their higher education;
- Provide employment opportunities to university graduates to encourage them to stay in their villages;
- Urge Lebanese and foreign companies to establish branches in remote areas and thereby turn the local economic cycle;
- Help hospitals, medical centers and the Lebanese Red Cross in remote areas by supporting them financially and morally to provide medicines and medical equipment;
- Provide assistance to people who are in need for medical care and surgeries, and are physically incapable or lack health insurance coverage;
- Provide financial support to the elderly, and aid them with their healthcare needs to enable them to live in dignity;
- Contribute to the development of pastoral and missionary work across Lebanon through the publication and distribution of religious books and magazines;
- Take part in preparing religious events, and in particular the Lady of Qadisha annual celebration.
- Prepare and fund group weddings for underprivileged couples;
- Psychological and social rehabilitation for prisoners to allow them to adapt and become good citizens and productive members of their communities after their release.
